Exhibit Dates: February 16-18, 2022

[www.FENCETECH.com](http://www.FENCETECH.com) // [www.NOMMA.org/metalfab](http://www.NOMMA.org/metalfab)

# LAISSEZ LES BON TEMPS ROULER

FENCETECH/METALfab is back and is ready to take on the Big Easy. Pack your bags and get ready to head down south for the fence and metal crafting industry's biggest event of the year in one of our most popular locations. Join AFA and NOMMA and become immersed in one of the nation's most colorful cities known for their unique culture, rich history and of course, Cajun food! This is a great chance to connect with a targeted audience and to showcase your products and services in front of thousands of motivated buyers.

By investing in a sponsorship, you support AFA and move to the top of the priority list to choose booth space. You can invest as much as \$60,000 or as low as ONLY \$5,000. The options are perfect for a company that is held back in the group draw by seniority.

## PRIORITY POINTS

There are also many advertising opportunities both prior to and during FENCETECH through AFA's official publication Fencepost and the FENCETECH on-site pocket guide program, The VOICE. Please note advertising opportunities do not earn priority points. With each sponsorship comes priority points (please see enclosed sponsorship opportunities information). Priority points are given for sponsorships only. If you choose not to become a sponsor and you still exhibit consecutively each year, you will stay in your current group. Within each group a random draw will be done. This is the same format as previous years. If you choose a sponsorship, you will automatically be placed in Group A (first group to choose space) based on the priority points of chosen sponsorship. Group A is ranked first by priority points and second by seniority based on consecutive years exhibiting. If you are a sponsor you will be given first rights to continue with your sponsorship for the following year. You will also be able to choose your booth space prior to the future space draw. If you choose a sponsorship this year but decide not to invest in a sponsorship in the future, you will lose your priority points and move from Group A back to a group based on consecutive years exhibiting.
