

AFA 2024 PRO Award Eligibility Requirements

- Nominee and those sponsoring the nominee must be affiliated with an AFA member company in good standing at the time of the nomination.
- Nominations must be submitted via the AFA Project Awards electronic submission portal. Multiple nominations are permitted. Nominations submitted via mail or email will not be accepted. All REQUIRED areas of the electronic submission portal must be complete or the submission will be deemed invalid.
- A minimum of six (6) images and a maximum of ten (10) images must be submitted with each nomination along with a signed release statement ¹
- Projects must have been completed within past two (2) years prior to November 15 of each year.
- Photos and images submitted cannot include the nominee's company or business name. Any nomination photographic material submitted with your nominee's company or business name will not be eligible for consideration.
- A fee of \$25.00 for entry(s) will be required for each submission.

¹ A release statement signed by the project owner's representative must be submitted with the photographic material acknowledging the project owner's agreement to the nomination; permission to use, adapt, reproduce, distribute, and to display the photographic material; and release all claims or rights to such material including, but not limited to, its publication or media release. Photographic materials shall be retained by the Association for archiving and/or public display. Any nominated photographic material submitted without said release will not be eligible for consideration.
